**TO HELP
YOUR PRACTICE KEEP PACE WITH
PROFESSIONAL PROGRESS**

S. S. WHITE C-M-A UNIT

S. S. White's new unit simplifies your work and improves your practice!

OPERATING EFFICIENCY—The compact C-M-A brings office teamwork to a maximum, waste motions to a minimum, allowing you to treat more patients for a more productive practice.

OPERATING CONVENIENCE—Equipment functionally arranged "at your fingertips" for your particular and individual needs greatly reduces physical and mental fatigue.

PATIENT APPEAL—The atmosphere of a smartly styled office makes your patients less apprehensive, more relaxed, and easier to work with. It is a fact, too, that patients often judge the dentist by the appearance of his equipment.

PROFESSIONAL ACHIEVEMENT—The C-M-A enables you to turn out a larger volume of your best dentistry . . . helps you keep pace with professional progress.

See the C-M-A unit on display or ask your salesman about it today!

Your denture patients MAY NOW EAT EVERYTHING steak...chops 'seeded jellies'...nuts apples...hard candies

After 5 years of intensive research and development, Dudley Research Corporation... originators of the 'Impactor' and 'Malletor'... have developed *a smooth, non-porous, ultra-soft denture material with a unique capillary adhesive action.*

DUDLEY DENTURE RETAINOR® provides *positive retention and the utmost in comfort* for any "old" or "new" denture... immediates, flat lowers, shallow uppers or claspleess partials. The unusual softness and smoothness of DUDLEY DENTURE RETAINORS *eliminates the cause of dental sores.* This new denture material also provides a flexible peripheral seal to "seal out" *food particles* even when there is tissue resorption.

Yes, your patients can now have comfortable dentures and eat a normal diet... even steak, chops, nuts, apples, hard candy, figs and 'seeded' jellies.

AN EXTRA BONUS FOR YOU. With the use of DUDLEY DENTURE RETAINORS you can eliminate the usual 3 or 4 visits for adjustments of "new" dentures. Thereby, effecting tangible savings in time and money.

NEW DUDLEY Denture Retainor®

U.S. Patents Nos. 2715771 and 2888746 With Additional Patents Pending

NOW—from COOK-WAITE

UNSURPASSED ANESTHESIA TO SUIT THE PROCEDURE

CARBOCAINE HCl 2%
Brand of mepivacaine HCl

with NEO-COBEFRIN 1:20,000
Brand of levo-nordefrin

FOR LONGER LASTING ANESTHESIA in

- oral and periodontal surgery
- quadrant dentistry
- pulp canal work

Millions of injections in private dental practice as well as large scale clinical trials have proven the margin of safety and effectiveness of CARBOCAINE HCl.

The established 2% solution with NEO-COBEFRIN has demonstrated a wide margin of safety and is well tolerated as an oral local anesthetic. Very rapid onset produces deep, penetrating anesthesia of long duration. In both infiltration and regional anesthesia, there has been practically no evidence of failure.

CARBOCAINE with vasoconstrictor provides other advantages including ready diffusion into hard and soft tissues for control of pain.

It is particularly indicated in periodontal surgery when some degree of hemostasis is desired to produce a dry field. Because of its distinctive molecule, CARBOCAINE does not provoke allergic responses in patients sensitized to procaine.

CARBOCAINE HCl 3%
Brand of mepivacaine HCl

without vasoconstrictor

FOR SHORTER ACTING ANESTHESIA in

- those restorative procedures which high-speed techniques have shortened so dramatically
- simple extractions
- children's dentistry

One of the major advantages of new CARBOCAINE 3% without vasoconstrictor is that it produces deep anesthesia of relatively short duration by virtue of its own distinct constricting ability. It reduces soft tissue anesthesia by as much as one hour, a distinct advantage today in children's dentistry and in restorative procedures.

This new formulation is possible because CARBOCAINE is unique among dental anesthetics in that it consistently produces satisfactory anesthesia without the need of a potentiating vasoconstrictor. CARBOCAINE 3% without a vasoconstrictor has proven well tolerated. It achieves shorter duration anesthesia but is equally as effective as CARBOCAINE 2% with NEO-COBEFRIN, and produces significantly fast onset of anesthesia.

In simple extractions, CARBOCAINE 3% avoids the potential hazard of delayed hemorrhage and aids in the prevention of alveolitis since natural bleeding ensues immediately. It is also valuable in periodontal scaling where normal bleeding is desired.

SUCCESSFUL PRACTICES NEED BOTH!

Chicago Dental Society Golf Outing Plans . . .

The Chicago Dental Society Golf Outing will take place on June 21st at the Glendale Country Club—the same location as last year.

An innovation is planned for this year—a run-down tournament among the eight Branches of the best golf team submitted. Branch committee chairmen will have more information on this later.

Also, we plan to have a bridge tournament, or whatever cards non-golfers would like to play, so that everyone may participate in one full day of recreation and fellowship.

HOW TO—Twenty teachers in the boys' and girls' physical education departments of Niles Township High School West were taught how to present a dental health education program to their students in a briefing session prior to the student presentations. Two such sessions were held. Left to right above are Harold Isaacson, head of the boys' physical education department of the school; Dr. Gerson M. Gould, chairman of the Children's Dental Health Education Committee of the Chicago Dental Society; Dr. Stuart A. Anderson, assistant superintendent of the high school; Miss Helen Heitmann, head of the girls' physical education department; and Dr. Robert G. Kesel, professor and head of the department of materia medica and therapeutics, University of Illinois School of Dentistry.

Niles Students Given Special Instructions in Dental Health

A new approach by the Chicago Dental Society in its battle to protect the dental health of the younger generation has met with apparent success in the Niles Township High School system.

More than 800 students at the Niles Township High School, West Division, were given special instructions in classes by their teachers on a "pilot dental health education program" basis during the current school year.

The project was under the direction of Dr. Gerson M. Gould, chairman of the CDS Children's Dental Health Education Committee, working with Dr. Carl J. Madda, chairman of the CDS Public Relations Commission, and Dr. James N. Lynch, Society President. At a recent meeting of the Public Relations Commission, Dr. Gould and his committee were commended for developing this program.

The program is unique not because dental care is taught—teachers have been attempting to do that for years—but because the teachers were given special training by the authorities themselves, the dentists, before they started teaching. The Society learned that teachers, for all their good intentions, actually have had minimal training in teaching dental hygiene. The result often was that the students were told to "brush your teeth every day and see your dentist twice a year" and the subject was dropped.

But last fall the Society sponsored a series of two lectures for about 20 physical education teachers in the Niles Township West school. In the first lecture Dr. Robert G. Kesel, professor and head of the department of materia medica and therapeutics, University of Illinois School of Dentistry, gave a scientific explanation of dental ailments. Perry J. Sandell of the American Dental Association followed up in the next session by converting Dr. Kesel's explanations into layman's terms.

The teachers were given an objective pre-test "What Do You Know About Dental Health?" and a color film, "Matter of Choice" was shown.

After the teachers had been given their basic information in the dental health education program, they took it to their students in physical education sessions in class. Girls received the lectures on four consecutive days of the same week. The boys, meeting in a separate class, received it for five days.

In brief, here are the subjects covered in the week: On the first day, the purpose of the lectures was given along with a projection of information to be studied. The anticipated accomplishments were outlined and the pre-test "What Do You Know About Dental Health?" was given.

The second day brought lectures using charts on dental care of primary and permanent teeth. Another lecture, using

News and Announcements

WE'LL WORK LONGER

The Health Information Foundation reports that as a result of medical progress during this century there has been a large increase in the average working-life expectancy of the American worker. The statistical bulletin pointed out that the male child born in 1958 had a work-life expectancy of 42.3, 11.2 years over the comparable figure for a baby born in 1900-02.

American males today not only have a longer working life but a retirement expectancy which has increased from 2.7 years for a 20-year-old male in 1900-02 to 6.3 in 1958. A comparable increase in years has been found in females.

The Health Information Foundation concludes with this statement: "Added work years are one dramatic result of better and wiser use of medical care." And they also added, "The opportunity remains for further improvement as the public takes advantage of modern health services."

SERVICE CORPORATION ENABLING LEGISLATION

On Thursday, April 6th, the Enabling Legislation for the establishment of the Dental Service Corporation was introduced into the House of Representatives of the Illinois General Assembly at Springfield. The sponsors of the Bill, known as H.B. 721, are Representatives Mikiva, Dixon, Burks, and Dale. To those who have been selected as contact men—please be on the alert in case there be need for your help.

This legislation has the support of the Chicago Dental Society and the Illinois State Dental Society and we urge that you give it all-out support. By it we will be able to better meet the demands for group dental care and thereby serve a greater segment of the public.—*E. Ebert.*

MORE DATA ON STATE MEETING

The 97th Annual Meeting of the Illinois State Dental Society will take place in Peoria, Illinois, May 8, 9, and 10.

In the program published in our April 15 issue, one very important feature of the State meeting was omitted, i.e., on Monday, May 8th, at 9:00 a.m., Dr. G. A. Thomas of Wichita, Kansas, will speak on "Office Management," at the Pere Marquette. Wives and dental assistants are also cordially invited.

MICHAEL REESE HOSPITAL TO PRESENT PROGRAM FOR ACADEMY OF GENERAL DENTISTRY

The Department of Dentistry, Michael Reese Hospital and Medical Center, will present a full-day course on "The Hospital—An Adjunct to Dental Practice" on Wednesday, May 10th, 9:00 a.m. to 5:00 p.m., expressly for the Academy of General Dentistry.

The faculty for the day will consist of Dr. Howard Adilman on "When the Dental Patient Needs Hospitalization"—Dr. Gerard J. Casey on "Basic Philosophy of Hospital Dental Practice"—Dr. Arthur Elfenbaum on "Medico-Dental Correlations in Diagnosis"—Dr. Saul Levy on "How a Hospital Dental Service Can Contribute to General Practice." Luncheon will be served at 12:00 noon and a tour of Michael Reese Hospital and Medical Center will take place during the day. Registration fee is \$15.00 and should be mailed to the Hospital.

DECEASED MEMBERS

Sabin, Manuel S., 1579 Milwaukee Ave., Chicago; Loyola University School

of Dentistry, 1923; member of Northwest Side Branch; died January 24, 1961.

Wojniak, Sonia B., 3159 W. 38th St., Chicago; Northwestern University Dental School, 1934; member of Englewood Branch; died November 21, 1960.

Wysocke, Alexander S., 4800 S. Ashland Ave., Chicago; Loyola University School of Dentistry, 1927; member of Englewood Branch; died February 1, 1961.

INTERPROFESSIONAL COUNCIL TO HONOR DR. FREDERICK H. FALLS

The Distinguished Service Award for 1961-1962 will be presented to Dr. Frederick Howard Falls on Tuesday, May 23, 1961 by the Illinois Interprofessional Council, the delegates of which represent approximately 20,000 members including Medicine, Dentistry, Podiatry, Veterinary Medicine and Optometry at the Swedish Club of Chicago, 1258 North LaSalle Street, Chicago.

Dr. Frederick Howard Falls is receiving this award for his devotion and contributions in the field of medicine for the betterment and welfare of the people of the State of Illinois.

Dr. Falls, a native Chicagoan, is a graduate of the University of Chicago, 1909, Rush Medical College, 1910, University of Illinois, 1916. He was Professor of Obstetrics and Gynecology and head of the Department at the University of Iowa from 1921 to 1926, also Professor of Obstetrics and Gynecology and head of the Department at the University of Illinois College of Medicine from 1926 to 1954 and Founder of Illinois Obstetrical and Gynecological Society.

Dr. Falls has been a teacher, consultant and author. Two of his works were textbooks on "Obstetric and Gynecologic Nursing" and "Obstetric Nursing." He also edited and published an atlas on Obstetrical and Gynecological Procedure.

Dr. Falls held many positions such as Chairmanship of the Governor's Ad-

(Continued on page 30)

News of the Branches

West Suburban

A most successful golden anniversary party was enjoyed by many on April 11, at the Oak Park Club. A vote of thanks to the committee, Dick Anderson, Howard Buchner, Ed Kritzke, and Wes Olsen for a job well done. It is social activity of this type intermingled with our educational programs, which tend to bind our branch into an aggressive harmonious group. . . . On the calendar of coming events, we find the Round Table group meeting at noon, May 1st, at the Oak Park Club. Dr. M. Weiss will speak on cements and medicated bases. . . . Oak Leaf Study Club which meets Friday, May 5th, at the Oak Park YMCA, will feature Mr. Jack Reinhardt speaking on "What Types of Gold to Use". . . . Don't forget to mark off May 17th on your calendar; this is the date of our annual golf outing at Nordic Hills Country Club. George Welk and Bill Aquilino, co-chairmen, assure all who attend a most enjoyable day. . . . Sorry to hear of Ev Walters and Marshall Milnarik still on the sick list; do hope that you both are back to perfect health by the printing of this column. We all miss you. . . . A special congratulations to Nick Choukas on his being certified by the American Board of Oral Surgery. Aside from carrying on an active practice, Nick is the Director of the Graduate Department of Oral Surgery at Loyola University Dental School, consultant at Hines Hospital, Chairman of West Suburban Hospital Dental Service Committee, and a member of the dental staff of several of the local hospitals. . . . Congratulations to Dr. and Mrs. Marshall on their recent family addition, Barbara Ann. . . . Also a handshake to A. John Frymark on his appointment to the dental staff of Westlake Community Hospital. . . . The John O'Connells and Charles Madisons of LaGrange have just returned from a stay in Florida. While in Miami they attended a three-day seminar

given by Dr. L. D. Pankey of Coral Gables. . . . Bill Tolar asked what has happened to the "Lard Lake Patrons." . . . Amongst the many wives and diners of the annual Arcolian dinner-dance held at the Sherman Hotel on the wintry night of April 15th was seen Dom Catrambone, Frank Lucatorto, Tony Malone, Marv Blechman, Merrill Shepro, Tony Gargiullo, Luke Politis, yours truly, and respective wives, also "dancing feet," Bill Aquilino. . . . On Tuesday, April 25th, the MacNeal Memorial dental staff heard guest speaker, Dr. Walda Reeder, anesthesiologist, speak on General Anesthesia for Hospital Dentistry. . . . As our 1960-1961 year draws to a close, I want to devote extensive consideration and acknowledgment of the achievements of our officers who provided us with a most successful and progressive year. A special thanks to Joe Brophy, President, who through his wisdom and multitude of experience faithfully guided our group during this past year.—*Joseph V. Discipio, Branch Correspondent.*

North Side

Dr. Robert Tuck, President-elect of the Society, honored us on April 11th by installing our new Branch officers: Bill Semiloff, Pres.; Ray Bro, Vice-pres.; Dick Pipia, Secretary; Max Chubin, Treasurer; Harry Greene, Librarian; Stan Goldberg, N. S. Director; Paul Brown, Director to C.D.S., Directors with unfinished terms are Herb Krummel and Jules Barrash. This is the team of officers which has the obligation of conducting the affairs of the Branch and the responsibility of furthering the cause of organized dentistry. Our new president will outline our objectives in a future column. This Branch has been foremost in the Society in its presentation of new ideas for organized dentistry. . . . Howard Adilman was elected to American Board

of Oral Surgeons. . . . Abe Tamarin has an article in April *ADA Journal* on "Fixed Bridgework." . . . Dick Pipia is pleased to have Dan Peterson reassociate himself with their practice again. . . . Albert Spiro has a very fine office for sale. . . . We deeply regret the passing of Arthur Roe and Otto H. Larsen. Our sympathies to their families.—*Paul Brown.*

West Side

The April meeting of the branch was very well attended and the members didn't lose interest until the last word was spoken by our several speakers. Our President Walter Zipprich had a group discussion which was conducted by our program chairman Carl Weese with several of the outstanding members of the branch sitting on a panel. Questions were written on cards and submitted to the conductor and then to the man representing that particular facet of the program. Many questions were answered to the satisfaction of all. Members of the panel included George Blaha, Irwin Robinson, Harold Epstein, Walter Kelly, Fred Bazola, Al Sells and Earl Boulger. The meeting was particularly gratifying because many members expressed their pleasure at this particular panel-type meeting in that there was something in the discussion that reached their interests however particular. . . . The Mount Prospect Country Club has definitely been settled upon for the annual golf outing. The date is May 17. Be sure to follow the *FORTNIGHTLY* for other information. Get your foursomes together now because it will give the officers a good idea of the reservations for the golf and dinner. Tickets this year will be about nine dollars for both the golf and dinner. We've always had a grand time in the past and this year will be no exception. The course is beautiful, the dinner is always good and there will be plenty of prizes for the golfers and cardplayers. . . . Our new officers were installed by our very capable Sam Rakow. Our new president is George Walls; the Vice-President for the second

year, Fred Carroll; Josh Vission for Librarian, Harold Berman for Treasurer and Victor Ganz for Secretary. . . . Adolph Stark thanked this year's officers for their contributions to the branch. . . . The branch would like to extend thanks to all the members that have been the backbone of all the meetings this year. The names are too numerous to mention but each one is thanked for his contribution to our success. . . .

See all of you at the golf outing.—*Andrew J. Kelleher, Branch Correspondent.*

Northwest Side

The last meeting on Tuesday, April 4th, at the Chanteclair was a tremendous success. This was the home talent clinic night where many of our own members presented table clinics for the benefit of all those present. It certainly was gratifying to see the huge turnout of members and non-members who were present. They all came to see the various exhibits and many left with new ideas and techniques that will in all probability contribute immensely to their practice of dentistry. There was so much interest shown in this event that many of the members stayed on until late in the evening. Ted Ferguson, our program chairman, and his co-workers certainly deserve a vote of praise for the splendid evening. . . . There has been a late development insofar as the Ladies' Nite is concerned, there apparently was a conflict in the date selected because of the Dental Arts Club golf outing which was scheduled for the same day. The Ladies' Nite Committee then took this into consideration and decided to move up the Ladies' Nite to Wednesday, June 7th, at the Chanteclair. This apparent conflict has been resolved for the benefit of all. So, please mark this important change on your calendar of future events and if you have not already procured your tickets for Ladies' Nite on Wednesday, June 7th, please call Vince Bonus at BE 7-8281 to make your reservations.

**NILES STUDENTS
GIVEN SPECIAL INSTRUCTIONS**

(Continued from page 11)

Mr. Sandell's article "How to Educate High School Students in Oral Hygiene," was given. This one covers such subjects as the why of dental disease, tooth decay, periodontal disease, control of dental disease, teaching oral hygiene, home care and students' responsibilities.

The third day saw a demonstration of proper brushing of teeth and discussion of magazine articles on dental health.

On the fourth day there was a review of information presented and the film "Matter of Choice" was shown.

On the fifth day the "What Do You Know About Dental Health?" test was given a second time and a final test was given.

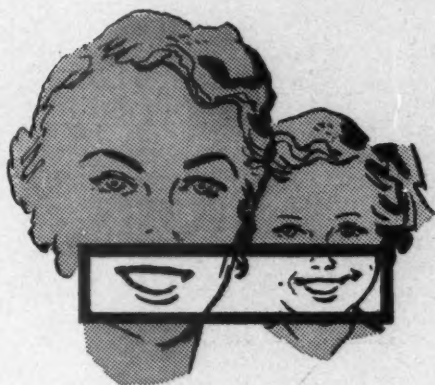

The girls received about the same information in their four-day program.

General reaction of the teachers and the school system was favorable. It was so well-received that it will be included as a part of a six-week unit in health to be given to freshmen boys next year. Teachers said they also found the visual aids provided by the Chicago Dental Society "most useful."

Dr. Stuart A. Anderson, Assistant Superintendent of Niles Township Community High Schools in Skokie, who cooperated in the program, said "It is our hope that ultimately we will be able to present an instructional unit in dental health education which will be of interest to other high schools in the country."

Tests in the course indicated that students are more knowledgeable (aware and concerned about) dental health than they are about their overall physical health. Observers credited the CDS efforts to publicize the importance of dental health in Chicago daily and community newspapers as well as television and radio messages of the continuous CDS public relations program.

NEWS OF THE BRANCHES

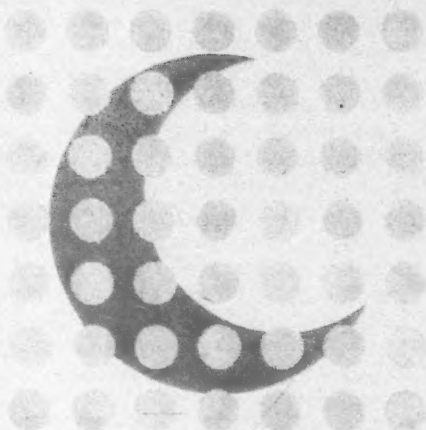

(Continued from page 16)

... It was recently brought out that Mrs. Max Bramer, a national flower judge, ran the Flower Show at the McCormick Plaza. She also had two pages in the rotogravure section in one of the Chicago papers which was devoted to the activities of a flower fancier. Congratulations to Mrs. Bramer for the splendid showing as was evidenced by the vast throngs which attended the recent flower show at the McCormick Plaza. ... Congratulations are also in order for J. J. Applebaum and his wife who recently celebrated their 25th Anniversary at their newly-wedded daughter's home with other members of the family being present. Their daughter Myrna is also receiving her Master's degree in social work at the Univ. of Illinois this summer after six years of hard work. The Applebaums' other daughter Lynne is attending Roosevelt Univ., where she is taking a course in Education. Both Jack and his wife are mighty proud of their daughters and we of the Northwest side join in wishing the Applebaum family the best of everything in the years that are ahead. ... Martin Marshack is teaching in the Crown & Bridge department of Loyola University where he is enjoying himself in a field of dentistry which is a great personal satisfaction to him. ... Dr. Elaine Stuebner spoke on the "Management of Dental Emergencies" before the Rockford Dental Society on April 22nd. ... There will be a "double-header" for the Academy of General Dentistry members during May. On May 3rd at Algauer's Heidelberg, 14 W. Randolph St., they will present Dr. Henry Droba whose topic will be "My 33 Years Experience With The Immediate Root Canal Filling and Periapical Curettage." Motion pictures will be shown to illustrate the techniques. The clinic will be presented at 10 a.m., followed by election of officers and luncheon. On Wednesday, May 10th, the Academy is presenting an all-day session at the Michael Reese hospital. The topic will be "The Hos-

pital—An Adjunct to Dental Practice.” This will be a discussion of hospital procedures and the relationship to the practicing dentist. The registration fee for the entire day is \$15.00 and those who are interested can contact J. J. Applebaum at MU 5-1838.—*Chester L. Jasick, Branch Correspondent.*

North Suburban

Well, guest speaker Robert Samp, was certainly stimulating! Lots of things we'll remember about longevity: No more hair sprays—carcinogenic. Same for cigarettes. Water—water for drink.—No showers—soak and unwind. Nagging wives are out—cholesterol. Less cooked foods; eat 'em fresh. How do you quit any habit? The pill is you. If you go around gathering up benzpyrene and become an adrenal-type manic depressant from smoking, big chance is your kids will copy you. The food was good. Delivery was excellent. The wives loved it. You missed a treat, if absent. . . . His honor, Axel Pedersen had just returned from the Wagon Wheel and conducted in good form. He welcomed into new membership, Jim Buntain, Dave Butterworth, Joe Granata, Fred Anliker, Bill Rose, Frank Grogman, and Robert Klein. All helpers for the year were warmly thanked and the gavel was passed over to Chuck Shaner with blessings. Chuck graciously accepted, called for the usual good cooperation and announced the golf outing on Wed., June 14th, at Biltmore Country Club. Get up your foursomes now and knock it off the book. This guy Shaner will be another helluva good President. Sooo, let's support! . . . Rolley Bateman did a good job as chairman of this meeting. He is also a new father—girl. . . . George Kearns was at Wisconsin's Wagon Wheel. . . . Orville Larsen is in Florida. . . . Zene Shafer and son went fishing in Tennessee. . . . Carl Gieler spoke at Englewood and is now on his way to Europe. . . . Bill Ford visited the Virgin Islands. . . . Earl Bergersen has a new exemption (“just in time”) a girl. . . . Bob Lasater has been

Crescent Pellets

bring you ALL of the advantages you are accustomed to in filings plus the fact that they help to speed up the amalgam procedure, conserve chairtime and avoid waste . . .

You have a choice: Cresilver Pellets, “the King of dental alloys,” that contains the highest practical silver content (74½%) of any available today; or Silverloy Pellets, “the favorite silvery white amalgam alloy.”

Formula for better fillings: 2 pellets of Cresilver or Silverloy. 2 twists of the Crescent Mercury Dispensor. 12 seconds mix on the Wig-I-bug.

Remember you get a FREE Crescent Mercury Dispensor (designed especially for use with pellets) with every 10 ozs of Cresilver Pellets @ \$24.25, or 10 ozs of Silverloy Pellets @ \$20.75. Call your dealer today.

CRESCENT DENTAL MFG. CO.
1839 South Pulaski Road, Chicago 23, Ill.

playing around with Eisenhower on the Palm Springs turf. . . . Dick Renn is going into larger space in the Carlson Building. Will have three entrances, so nobody will know where he is. . . . Dick Fischl brought his wife to the first North Suburban meeting when she wasn't expecting. He sleeps downstairs! . . . Other new officers installed are Paul Bass, George Kearns, Grant MacLean, and Bill Meek. Pete goes on the Board of Directors. . . . Well, as Doctor Samp said, "Do something today for tomorrow. You may enjoy it." Will see you in Peoria.—*Floyd Grover, Branch Correspondent.*

South Suburban

This is the speech that our retiring president, Myron Bardige, delivered at our installation of May 2nd at the Highway Inn. For those of us who could not attend, it is my privilege to print the entire talk, regarding the happenings of the past year.—*Tom Case, Branch Correspondent.* . . . "SHOLOM . . . In Israel the people greet each other with the word SHOLOM. . . . When they leave they say SHOLOM. . . . Also SHOLOM means *Peace* in Hebrew. . . . I feel, tonight that it is appropriate for me to say SHOLOM. . . . Hello . . . Hello, to all of us, for coming tonight to help celebrate the installation of Tom Case as president and wish him well. It is without saying that we want to wish the other officers a healthy and good year too. . . .

However, I believe it is my duty tonight to bid goodbye, SHOLOM if you please, to a good year that has just passed. . . . It was a good year because many people have told me so . . . their compliments were many. . . . These, however, are not my bouquets alone but belong to the hardworking committee chairmen and the elected officers. . . . I would be remiss in my last public statement if I had failed to mention these men for their excellent work during the past year. . . . I would like to thank publicly the three men responsible for our educational program. . . . Steve Lynch, our program chairman; Julius Goodman, our seminar chairman; and Herman Gornstein, our study group chairman. . . . Again the thanks of the branch for a job well done. . . . My committee chairmen, with lesser time-consuming duties, deserve the thanks of the branch too. . . . I refer specifically to Taylor Bell, Al Bendrick, Lloyd Bettenhausen, Arthur Chun, Henry Cubbon, John Fox, and Don Pippert. . . . To my elected officers my personal well wishes and happy work for the new year, a hearty thanks to the officers from a grateful Branch. . . . A special word of thanks to Bill Mitcheltree, our ethics chairman; a most difficult assignment handled very well. . . . A large and sincere thanks to Charles Cosgrove, our director to the Chicago Dental Society. . . . Charles kept us very well informed and up-to-date in board matters. . . . This past year has been truly: something old, something new, something borrowed, and something blue. . . . Something old in that your

SINCE 1902

ADERER GOLDS

Orthodontic and Prosthetic

DEarborn 2-3495

JULIUS ADERER, INC.
5 SOUTH WABASH AVE., CHICAGO 3, ILL.

officers and Board of Directors worked during the summer in setting up programs, budgets, and learning to work as a group. . . . Something old in that we again helped in making Dental Week a success in the Park Forest Schools. . . . Something old in that we encouraged (yours truly) the Dental Assistants School at Bloom College. . . . Something old in that we again provided a larger manpower group to our Midwinter Meeting. . . . Now for something new in that we passed our first constitution in March. . . . and for something new we also saw the birth of our new Dental Assistants Branch. . . . Bob Lanfranchi has played a tremendous role in giving of his knowledge and help. . . . We wish the girls well and offer some words of advice, "Keep it democratic, Let the majority rule and you can't lose." . . . As for something borrowed, we relied upon the good graces of people like James Lynch, Karl Richardson, Herman Wenger, and Helen McCarthy, president, Chicago Dental Assistants Association, to travel long distances to be our special, special guests. . . . Something blue is difficult to mention but we have had to face reality in that we lost three members thru death. . . . We sent donations to Ingall's and St. Francis Hospitals in memory of the deceased Drs. Peter Tee-ling, Sidney Bayer and LeRoy Rowland. . . . Permit me leeway in trying to objectively analyze the past year. . . . First I was blessed with the fine work of Len Holt in handling all of the finances of our Branch. Secondly, the work of the board must come in for praise for it was

truly a pleasure to chair the board meetings. . . . Thirdly, we had no secret decisions, and no political maneuvers. . . . So, I close by saying SHOLOM for the World (peace for the world) and a goodbye as your president. . . . As for me I am happy to be known simply as the 34th president of the SOUTH SUBURBAN Branch. . . . SHOLOM . . ."

Kenwood-Hyde Park

Kenwood-Hyde Park had a very excellent program last month given by Dr. Thomas Barber, Professor of Pedodontics at the University of Illinois. His subject was "Minor Tooth Movement" presented simply; it was of great interest to all of us. . . . Well, I think Maurie R. Hebert wins the prize for the most travelled dentist, can you imagine taking six weeks away from the office and touring every country in South America? Well, if you think that's something, what do you think of the same man taking ninety days off for a trip around the world, a few years ago? It would be interesting seeing those fifteen hundred feet of movies you took in South America; by the way, what's the secret of your success? Most of us have a tough time getting to Peoria. . . . Which reminds me, Rudy Grief, Willard Johnson and Larry Johnson will be attending the State meeting in Peoria and then Larry will be taking off for the Smokies. . . . Maury Leaf spent three weeks in Jamaica, Haiti and Puerto Rico and I understand played the horses and witnessed the cock fights. Guess what

When you stop to think of it, the Merry Month of May is chock full of M's. . . . Like Mayday, Mother's Day, Memorial Day . . . not to mention the Mint Julep with which they're toasting the action at Churchill Downs. You'll probably murmur Mmm-m, too, when you see the mighty fine Manhattan gowns we're making for you. We make them to help make you look better, feel better and work better. Professional in appearance, they are designed for comfort at all times, action at the chair or in the lab. . . . Our new catalog shows the styles, the fabrics, the colors and the low cost. . . . Better call WA 2-0283. We'll send a catalog or a salesman.

happened while Maury was enjoying his vacation? You'll never believe it, but nevertheless "Beware of Bogus Workmen." On the day of the tornado, a man entered the Leaf, Rosen and Stillerman establishment saying he was the electrician, asked for a shopping bag, and unbeknown to everyone present, walked into the girls' closet, placed eight purses in the shopping bag, and while leaving the office said to Ted Rosen, "Keep Smiling." Ted waved him off goodbye with his usual winning smile and a short time later the girls saw all the purses were missing, only to be found later in the alley, all empty, stripped of the cash. Can you top this story? I doubt it. Are you still smiling, Ted? . . . Hope the FORTNIGHTLY is out in time to remind all the members of Kenwood-Hyde Park to support the Clinic night and Ladies' night, Tuesday, May 2, at 7 p.m. at the Windermere Hotel. There will be plenty of clinics and cocktails, and a delicious meal. Hope to see you there. . . . Received a card from Mark Reardon. He and

Mrs. Reardon are having a wonderful time touring Europe, went over on *The United States* and will return on *The Queen Elizabeth*. . . . Willard Johnson gave a presentation on "Constitution and By-Laws" at the Component Officers' Conference in Peoria. Henry Leib and Franklin Otto and our own councilman, Mark Reardon from Kenwood, were also in attendance. . . . Congratulations to new car owners Bob Pinkerton, David Torch, Asher Sherow and Larry Johnson. . . . Seymour Yale, our travelling Radiologist, has given papers in Boston and other places East. . . . Jacobi back at the grindstone after two weeks at an Aspen, Colorado, ski resort. . . . Dental assistants had a wonderful dinner and program for their bosses, those that missed really missed. . . . Ben Binderman again closes early for those pre-golf pointers. Look out for Ben. . . . Ben Herzberg to attend meeting at Denver, Colorado, American Association of Orthodontists. . . . Bob Herzberg to spend two weeks in Tucson for the Tweed Orthodontic Course—Work hard, Stackler old boy! . . . Keep well and happy.—Morton J. Fireman, Branch Correspondent.

Englewood

MAY I come in on this MAYday. MAY there be Spring in your step and your heart this beautiful month of MAY. . . . Reminder—Illinois State Meeting, MAY 8-9-10; get away from the office MAYze and relax in Peoria. . . . An aMAYzing turnout on a rainy April nite heard a fine talk by Dr. Donald Wallace—I later learned that a goodly number of our members were upstairs attending the D.A.A. (the MAYqueens of our offices) "Bosses nite" meeting. . . . Englewood officers elected at our meeting were, President, John Manning; Pres.-Elect, Lewis Weil; V. P., Lawrence Lucas; Sec'y., Richard Davido; Treasurer, Louis Horevitz;—our best wishes for a successful year. . . . Next meeting, MAY 2—Installation of Officers and a surprise program of great importance to you. . . .

Paul Kanchier, real proud about the arrival of his first grandson, takes a back seat to "Granpa Moses" Brooks who boasts of the arrival of his no. 3 grandson (all in the same family?) MAY they enjoy a long and healthy life. . . . Lou Horevitz was on his way down and Bill Cruikshank on his way up from Florida while Ben Jostes winged it back in time for our meeting. . . . Dave Zasser paid a visit to his "paleface" friends from his retirement retreat in Arizona where it is reported Sam Rabishaw put on a heavy tan. . . . Bob Straub "wowed" them at the State Officers conference in Peoria. . . . MAYbirds Ro Urban in his new Bird and Lou Sasso in his new Caddy report that their cars have a terrific "pick-up". . . . Bill Benson participating in a dental workshop at the John A. Andrew Dental Clinic, Tuskegee, Alabama. . . . It is my sad duty to report the passing of the wife of Kays Drangelis; also of the mother of Joseph Jun; and of the sister of Bernard Litz—our condolences to their families. . . . Ed Mikula as happy as a MAYbug in his new location in the Plaza at 63rd and Narragansett. . . . Matt Deplewski's daughter being showered in MAY for her wedding in June. . . . Ed Tharp packing up his family for a MAY vacation in Mammoth Cave, sounds like a busmen's holiday. . . . Dan Duffy down to Biloxi; while new boat owner Adm. Lew Weil is stopping at French Lick. . . . Bill Rowan, Jr. listening for the flap of the stork wings delivering his no. 3 child. . . . Harold Hayes being supported by a cane following a logging accident—no dancing around the MAYpole. . . . Joe Solus polishing his fishing gear, he MAY-or he MAY not get that big one in MAY while Ed Serr practices his putting for the State Tournament on MAY 8—a beautiful course in Peoria—why not motor down—you MAY be a winner. . . .

John Boersma's daughter an honor graduate at Milliken. . . . Jerry Hooper attracting big audiences with his travel films—how about an Englewood Branch showing in the fall? . . . Tom Bresden travelling up to Rochester, N. Y. . . . Evo Binotti's son a four-year scholarship winner at Loyola. . . . Eleven of our members miss our monthly meetings because of Tuesday nite bowling with the Holy Cross Hospital Doctor's league. . . . Stan Tikusis, the Roseland Kiwanian, is the liaison man for their Key Club to the Mendel High. . . . Bud Hopkins starting to dust out that cottage at Paw Paw. . . . Notice to all committee chairmen—please hand in your written report for this year, at the MAY meeting. . . . Gene Jaffe was guest speaker at St. Francis Hospital in Blue Island. . . . Pie-eyed Piper Ro Waska reports that son Djau won the South Side Championship award for shooting with the shotgun in the R.O.T.C. . . . I am happy to report he is feeling better, drop him a line. Wo is Ro—his parrot swears a little but he is thankful he doesn't drink or smoke—quoting Ro, "You can put a parrot in a cage but you can't keep him from talking". . . . MAY I leave now?—*Vincent B. Milas, Assistant to Waska.*

visory Committee, State Department of Public Health and Chairman of the Maternal Welfare Committee, Illinois State Medical Society.

The Illinois Interprofessional Council is greatly honored to present the Distinguished Service Award to Dr. Frederick Howard Falls for his great contribution in the field of medicine to the welfare of the people in the State of Illinois.—

Edmund A. Werre, D.D.S.

ACADEMY OF GENERAL DENTISTRY CLINIC AND LUNCHEON

The Academy of General Dentistry will hold an organizational meeting and election of officers at Algauer's Heidelberg, 14 W. Randolph St., on May 3rd, 10:00 a.m., with Dr. Henry Droba, of the University of Illinois, presenting a clinic and film on "Root Resection," and a luncheon will be served at 12:00 noon. No charge.

I.D.H.A. MEETING

The annual Guest Night of the Illinois Dental Hygienists Association will be held on May 4th at Younkers Restaurant, 51 E. Chicago Avenue. Following cocktails and dinner, entertainment will be provided by Mr. Carl Fyhrie, a member of the International Brotherhood of Magicians. He will be assisted by his daughter, Pearl, who is a member of I.D.H.A.

Members are welcome to bring their employers and other guests. This is the one meeting night when activities actually begin at 7:15 p.m.

C.D.A.A. NEWS

The next meeting of the Chicago Dental Assistants Association will be held on Thursday, May 18th, 8:00 p.m., at the Palmer House. The new officers for 1961-1962 will be installed.

The North Side Branch of C.D.A.A. will hold a meeting on Tuesday, May 9th, at the Villa Sweden Restaurant, 5207 N. Clark St., featuring the installation of officers.

South Side Branch meeting will take place on May 9th at Nielsen's Restaurant, 7640 S. Western Avenue, and will also include installation of officers.

West Side Branch meeting will also be held on May 9th and feature installation of officers, at Otto's Restaurant, 7212 Washington St., Forest Park.

U. OF ILL. COCKTAIL PARTY

The University of Illinois dental alumni will meet for cocktails at their annual party held during the Illinois State Dental Society Meeting in May.

The cocktail party will be held on Tuesday, May 9, in Parlor D of the Hotel Pere Marquette, Peoria, Illinois, from 4:30 to 6:00 p.m. All alumni and friends are invited.

For further information contact Dr. Herbert Heaton, Party Chairman, 506 E. John St., Champaign, Illinois.

NOBILIUM Floating Clasp

The ultimate for the discriminate

Here is clasping that is years ahead. The Nobilium Floating Clasp, as its name indicates, is *movable*, and involves only the partial and an individual abutment tooth. The result is *maximum retention, minimum stress*. It is indicated in **ALL** partial denture construction. When two, three, or more clasps are employed, each performs its function without interference from the others. Esthetics heretofore unattainable is established. For complete information write your preferred Nobilium laboratory.
